# Town Warrant.

## State of New Hampshire.

[L. s.] To the inhabitants of the town of Sunapee, qualified to vote in town affairs:—

You are hereby notified to meet at the I. O. O. F. Banquet Hall in said town on the second Tuesday of March next, at ten of the clock in the forenoon, to act upon the following subjects:—

1. To choose a Town Clerk for the year ensuing.
2. To hear the reports of the Town Treasurer, board of Selectmen of the town and reports of Water Commissioners, Auditors, Agents and Committees, or other officers heretofore chosen or appointed, and pass any vote relating thereto.
3. To choose three Selectmen, Town Treasurer, and Road Agents not to exceed three.
4. To choose a Collector of taxes and all other necessary town officers and Agents for the year ensuing.
5. To see what sum of money the town will raise to pay outstanding debts.
6. To see what sum of money the town will raise to defray town charges the year ensuing.
7. To see what sum of money the town will raise to repair highways the year ensuing,
8. To see what sum of money the town will raise and appropriate for the maintenance of its Public Library.
9. To see what sum of money the town will raise to pay for Electric Lights the year ensuing.

10. To see what action the town will take in regard to a Liquor Agent.

11. To see what sum of money the town will vote to raise to supply the town with necessary guide boards, as provided in Public Statutes, Chapter 78.

12. To see if the town will provide street signs, for the streets already named, and pass any vote relative thereto.

13. To see if the town will vote to grant to individual, or private parties the right to build and maintain a public sewer, satisfactory to the selectmen and the board of health from a point near John F. Jones' to the river, using the highway for the same where necessary.

14. To see if the town will vote to instruct the selectmen to purchase a safe, for the use of the town officers.

15. To see if the town will vote to accept the Bequest of Chester E. Trow for seventy-five dollars, the income thereof at 3 per cent to be used in keeping in repair and restoration the burial lot of Warren Trow in the Daniel Eastman cemetery in Sunapee.

16. To take the senses of the qualified voters whether the alterations and amendments of the constitution, proposed by the constitutional convention, shall be approved.

17. To see if the town will vote to organize and sustain a fire company, raise and appropriate money therefor and pass any vote relating thereto.

18. To see if the town will vote to accept and adopt the names given to our various streets, at an informal meeting of the citizens of Georges Mill's, which were as follows:

From New London to Grantham—"Main St."

From Store to Landing—"Lake St."

From Store to Sunapee—"Sunapee St."

From Sunapee St. to Fred Collins—"Pleasant St."

From Springfield to Lake St.—"Lover's Lane."

From Lover's Lane along side Otter Pond—"Grove St."

The new road beside Sunapee Lake—"Lake Avenue."

From Main St. to Carl Faelton's—"Rockland Court."

19. To transact all other business which may legally come before said meeting.

Given under our hands and seal this 19th day of February, 1903.

MOSES F. KNOWLTON,	}	Selectmen
CHARLES L. RUSSELL,		-of-
JOHN D. CAMPBELL,		Sunapee.

## Water Commissioner's Report.

This report all appears in the regular town records, but the recapitulation of the same in a condensed form to be easily seen and understood is about as follows:

Paid for construction last year	\$ 25,000 00
"                    this year	2,657 96
Total cost of construction	\$ 27,657 96
Paid on this amount	657 96
Water works debt	\$ 27,000 00
Interest for one year	\$ 810 00
Running expenses	204 35
Total expense for the year	\$ 1,014 35
Received for water rents for the year 1902.	856 46
Excess of expense over income	\$ 157 88

By the above it is easily seen that our water rents for the first year more than paid the interest on the investment, a record which we think our town should be proud of, and is conclusive evidence that our undertaking is a financial success from the start, and that this small amount of \$157 88 is all the town has paid for the use of its thirty hydrants, water in school house, watering troughs, and all other advantages gained by our water system.

I. G. ROWELL,	} Water Commissioners of Sunapee.

# Auditor's Report.

I have carefully examined the accounts of the Treasurer and School Board of the town school district and find them correctly cast and well vouched.

JOSEPH P. SMITH, Auditor.

Sunapee, N. H., February 18, 1903.

# Report of School Board.

Your committee submit the following report:

Our schools in the main have been successful and profitable. It is not always possible to select and place teachers so as to secure the best results, and changes have been made when the interests of the schools seemed to demand it.

The grouping of our schools in the new school building has created problems that it will take some time longer to work out.

A course of study should be adopted for the town and our outside schools, work in harmony with the village schools, so that our more advanced scholars can easily enter and graduate from our Grammar School which should have an advanced Grammar Course equal to the first two years of a standard High School Course; so that pupils going out of town can complete their Academic or High School Course in two years.

Pursuant to vote of the district your committee proceeded to sell the school property in Divisions No. 4 and 9.

The bid on No. 4 not being satisfactory to your committee it was not sold. We have since received an offer of fifty dollars for the house and shed. It will be for you to decide whether to sell it or proceed to repair it, as it needs shingling and the plastering is in bad condition

The school-house in Dis. No. 1 should be repaired and painted. The one in No. 3 should also be repainted.

While in the village the school-yard should be further filled and the house painted. It would be beneficial to our village schools if the town would enlarge and complete the culvert leading from No. 8 to the river, so as to prevent the water overflowing into the school-yard.

GEORGE H. GOULD,	}	School Board -of- Sunapee.
JOSEPH M. FULTON,		
HATTIE M. SMITH,		

NEW SCHOOL BUILDING.

# Report of Board of Health.

---

The Board of Health respectfully submit the following report for the year ending:

We are glad to report that we have had no diseases to contend with that have become epidemic, and from the several contagious diseases during the past year there has been no deaths. There has been reported to this board three cases of measles, one of typhoid fever, two of diphtheria, and two of scarlet fever, all of which received our prompt attention. In the two cases of scarlet fever it was deemed wise to not only quarantine the infected families for a reasonable length of time but to close the Grammar School and the Town Library until all danger of contagion had passed. The matter of fumigation, after all the diseases in which fumigation is required, has been done through the direction of this board by the attending physicians as we have never supplied ourselves with the necessary equipment for the work, the cost of which would be about ten dollars. One book belonging to the Town Library and three belonging to the M. E. Sunday School were ordered destroyed.

While we have a required duty to perform in times of contagious diseases there are other incidental duties that require our attention in looking after those things that not only bring disease but if allowed to continue would prove a barrier in building up the towns' best interest.

Of all the many beautiful summer resorts in the state, Lake Sunapee is fast coming to the front and it is of vital importance not only to the people of Sunapee but to the summer cottagers, many of which use the water of the lake for domestic use, that the water of the lake should be kept as free from contamination as possible. The question of how to best care for the sewerage from some of the cottages on our shores is no small problem and demands more attention from year to year, but we are glad to note that the cottagers are glad of our support and gladly comply with

suggestions made, the best they can. It was with much reluctance that we brought suit against the late Parker T. Smith for allowing the refuse matter from his mill to empty into the lake, but there seemed to be no alternative. At the time of Mr. Smith's death the case was before the Superior court and as no decision had been reached the case was dropped, but as parties doing business on the stream at George's Mills have agreed to keep their refuse matter out of the river we contemplate no future trouble.

During the past year the State Board of Health has caused an analysis of all waters used for domestic use from public water supplies to be made and the State chemist H. E. Barnard has this to say of the waters of Ledge Pond and Sunapee Lake, "The water of Lake Sunapee compares favorably with those of our other larger lakes of which it is said, 'They are the purest water supplies in the world.' The residue of mineral matter is extremely low the chlorine content is normal, ammonia is present only as organic or albuminoid ammonia, and every characteristic of this water is indicative of its purity, Ledge Pond water is of the same general composition the organic content is somewhat higher than in the water of the Lake but the other constituents are identical."

With our public water supply the matter of caring for the sewerage about Post Office Square has been simplified and we hope to see something done in this direction.

There also should be a sewer from a point near Joseph W. George's to the river below the dam which would accommodate the families along the line and thus get rid of considerable filth that finds its way into the lake.

In conclusion we would thank all who have given us their co-operation and we ask for a continuance of the same as our duties are not altogether pleasant and we have no disposition to serve the public only for the best good of all. If any of our residents are using water which they think may be unfit for use they may have

C. A. JOHNSON,	}	Board
